

South Hancock Elementary January Newsletter

2017

Mrs. Jenkins' Corner

Dear SHE Parents & Families,

As the start of winter fast approaches, the days left in the first semester of the school calendar are disappearing quickly. Student attendance on a regular basis is essential throughout the year for children to maximize their learning, but especially in the second half of the school year. Please be sure to help get your children to school regularly and on time. If they are sick, etc., we certainly understand. We want the best for your children and strongly believe that they gain the most from being at school on a consistent (if not daily) basis. Thank you for your help and support in this regard. We also continue to welcome parents who would like to volunteer at SHE Elementary School. If you are interested, please notify your child's teacher or the PTO.

Students completed their winter MAP assessment which monitors their progress before leaving for the holidays. I am proud to announce that every class in every grade made growth from the fall assessment. Our focus will continue to be on academic excellence because our children deserve it!

Happy New Year!

Mrs. Jenkins

Reminder:

Tardy bell rings at 7:25 a.m.

Dismissal 2:25 p.m.

PTO News

January 10, 2017 – PTO Meeting (Time 6:00)
"Outstanding Students" will be recognized!

Order your S.H.E. Yearbook

Remember it—forever!

Our school year is packed with special memories that your child will want to remember forever. The yearbook captures the excitement and fun of this school year in a keepsake that your child will treasure for a lifetime.

Order a yearbook today.

Price \$25.00

Checks payable to South Hancock Elementary

All students who made growth on their individual NWEA will slide on inflatables during their activity period, Jan 5 – 6!

Science Night (Grades 3 – 5 ONLY)

Tuesday January 17, 2015, from 5:00 – 6:00 p.m.

This is a great opportunity for parents and families to learn about the student's expectations for science projects. There will be a 15 min presentation on the scientific method regarding science projects and other rooms to visit with fun, interesting science topics.
